**Project Title: Expansion of CFPCN Unattached Patient Web Registry**

**Date Submitted: June 11, 2010**

**Date Accepted: July 21, 2010**

**OIPC TRAX File: H3582**

### **Project Summary:**

The Calgary Foothills Primary Care Network (CFPCN) is expanding its Unattached Patient Web Registry to include other Primary Care Networks (PCNs) within the Calgary zone.

The CFPCN Web Registry provides an efficient approach for linking patients in the PCN area with health services they are seeking. A PIA addressing privacy implications for this project was previously accepted by the Office of the Information and Privacy Commissioner in February 2010 (file H3122). Other PCNs in the Calgary zone are now interested in participating in this initiative. CFPCN would continue to collect the information submitted to the web registry, triage and sort the information by postal code, and then securely transmit the information specific to each of the other Calgary zone PCNs as appropriate for follow-up.

Each PCN wishing to participate will advise the OIPC in writing of their participation in the Unattached Patient Web Registry, and acknowledge that they understand their responsibilities and obligations related to the project.
